---

I refer you to my previous objection of May 13th, this was sent when Burhou View previously applied for the same large balcony. My objection remains the same, a first-floor balcony of this size will give whoever stands on it a view across the boundary hedges directly into the properties on both sides of Burhou View as well as more than one property on the road along Platte Saline thereby invading any existing privacy.

Regards,

Looking at Western neighbours

Looking from the north back at the house

Western neighbours looking towards the house and decking of neighbour beyond.
