

# STATES OF ALDERNEY

States Office, PO Box 1001, Alderney, Channel Islands, GY9 3AA

From the President's Office

Friday 27<sup>th</sup> September 2019

## Press Release

### Death of Raymond Berry

#### Statement from William Tate, President of the States of Alderney.

The States of Alderney and the island community have been extremely saddened to hear of the death this week of past States Member Raymond Berry.

A very popular man, widely referred to as a true gentleman, Ray stood on the States for the years 2011 to 2014 inclusive. During that time he served on all three main committees, Policy and Finance Committee, General Services Committee and Building and Development Control Committee, as well as on the Tourism and Business Development Committee.

Prior to his time on the States, Ray worked in the Public Works Department of the States of Alderney, joining as an apprentice in 1965 and completing approximately 44 years, before retiring in 2009. As a painter he was known to 'paint a mean white line!'.

His loss will be deeply felt by his close family and friends and the wider community.
