

**\*\*Reserve Stevedores/Cargo Handlers wanted\*\***

We need you! Be an integral part of our island in helping to work for us.

We operate with a pool of 'as and when' stevedores for the working of our cargo ship on the quay.

We are presently looking to increase the number of operatives in this team and are therefore currently recruiting.

The work is physically demanding and working hours are flexible and varied (depending on the times the ship gets on to the Quay). Previous experience is not essential (though is useful) as full training will be given. We would normally discharge our ship on Tuesdays at 8am and Wednesdays anything around 6pm **but** as you may well be aware the weather can affect our sailing times some weeks and so some level of flexibility is essential

We are looking to bring our trainer over to run a training programme on the weekend of 18<sup>th</sup> and 19<sup>th</sup> June currently, so you would need to be available for this training.

Good rates of pay.
