

**States Notice**

**The Alderney Road Traffic and Public Highways Ordinance, 1966**

**Lopping of Vegetation Overhanging Public Highways**

Occupiers and owners of land bordering public roads and footpaths (or private roads on which the sewer cart or dustcart travel), are required by the 1st August 2014 to trim any overhanging hedges and trees back to the boundary of the private land. All cut material is to be removed from the roads and footpaths.

Please note that no trees may be removed without the prior permission of the Building & Development Control Committee.

Thank you for your assistance in this matter.
