

Alderney Airport Fire & Rescue Service.

Alderney Airport Fire & Rescue Service will be receiving Emergency Response Driver Instructor Training, from a UK Emergency Response Driver Instructor. This training will be delivered between the dates of the **15th to 19th May**.

This training will involve some driving on the main roads with the use of blue lights and two-tones, with one of the Airports large fire appliances.

This training is in line with CAA cap168 and ICAO mandatory recommendations.

Alderney Airport Fire & Rescue Service appreciate that this may cause some inconvenience to other road users during this week.

Regards

Alderney Airport Fire & Rescue Service.
